2. Directors are fully committed and take ownership of all functional aspects of the institution.
3. Directors pay constant attention to individual students concerning their progress and offer instruction or advice from time to time
4. Directors are all present in the school complex exclusively.

Three Pronged strategy for all round development

UNION OF THREE FUNDAMENTALS

As proteins, carbohydrates and vitamins constitute wholesome food to a growing child so the perfect combination of academic, cultural and creative activities to a school going child.

Sri Kakatiya adopts three pronged strategy 'Union of Three Fundamentals' to nurture its students.

CLAP

[Complete Learning Academic Programme]

Ever abiding never deviating and upholding the stringent academic plan.

A sincere effort by student is imperative to memorise and reproduce the topics taught in class rooms that expands continually vistas of knowledge.

FACE

[Foundation for All Competitive Examinations]

Why is this IIT foundation course now? Is this essential so early to a student ?

The fact is that the students who start thinking logically, analytically and independently on the topics taught in science and mathematics even as early as in VIII Class sharpens their minds with orientation course carved out from their own syllabus without any additional burden. The foundation thus laid so early, moulds and helps the student in the long run to fulfill his / her ambition.

CARD

[Creativity and All Round Development]

Creativity and All Round Development. As is food to body so is culture to mind and education to soul.

Balbhavan goes bang with children at Sri Kakatiya bracing them for all round development

Regular training in song, dance, drawing, chess, creativity and Karate invigorates, awakens talent, latent in children.

Students of Sri Kakatiya Step-out With Full Confidence

Maths Tutorials

We are aware that in today's progressing globalised world Mathematics occupies the most prominent place and as such assumes high importance. The precious first hour everyday at school is therefore allotted to Mathematics tutorials. Students of all classes are busy solving problems independently from exercises taught in the classroom the previous day. Since this practice is carried out under the direct guidance and supervision of Mathematics teachers, students clarify their doubts immediately.

- School :** Offers daily practice hour, teachers' and tutors' guidance and supervision; provides notebooks exclusively for Mathematics tutorials.
- Student :** Make full use of the time sincerely, try to solve each and every problem of the portion of the day, get doubts clarified immediately without negligence, do not retain doubt lingering in the mind. Mark the notebooks with numbers, maintain neatly and preserve for future reference.
- Parent :** Conduct atleast weekly inspections, inform directors at school timely if any negligence or falsehood identified, help the ward maintain and preserve note books for future reference.

SRI KAKATIYA

Regular Classes

Committed and experienced teachers take regular teaching classes through seven periods in the morning and afternoon sessions strictly following the academic year plan.

Computer Education

In the highly modern world today computer knowledge has become imperative for uprising and rapid progress in every area of life. Realising its importance Sri Kakatiya offers training in soft skills to all its students.
