Our Vision

vision is to be an exemplary International Standard School where all children shall avail the best facilities and receive inspiring instructions to be individuals of strong character, & become good human beings and good citizens of India.

We provide special classes of peace and value education to develop successful students and give them excellent preparation for the next step in their life and hereafter.

Mission

Mission is to develop learners who are proficient, competent, confident and responsible young adults who will possess skills and attitude to succeed in all walks of life and yet be morally sound, spiritually secure.

We strongly believe that we have established a school of excellence, focusing on child centered education for all students. Higher expectations set the standard for each child to maximize his / her potential. We provide education from Kindergarten to High School

Faculty

Highly qualified, experienced & dedicated teaching faculty with a passion and zeal to excel and give their best in an atmosphere of facing challenges and living up to it. Performance oriented individuals who add value to the system and offer the best of learning experience to kids making education a pleasure.

Prominent Features

State of the art infrastructure with adequate illumination, proper ventilation in classrooms, specially designed furniture to suit the level of class & age group, playground, rich library and teaching aids, computer lab and well equipped smart boards.
