ADMISSION OPEN

AWAKEN THE GENIUS IN YOUR CHILD

Chairman's Message.....

Greetings to all,

Welcome to Sri Jayachamarajendra Education Society founded by Late Sri Kaverappa in 1979. A Multi faceted educational institution, located in Medahalli Bengaluru and easily accessible to your area.

We believe that education should bring out the best in every child and hence we believe in providing an environment full of challenges and opportunities that will match their potentialities. We believe education to be an awakening rather than a transference of knowledge. Our motto “Vidhyahi Paramagatihi” (which literally means that education is the ultimate to progress) does not just refer to academic excellence but to human excellence where in every child will excel itself in whatever activity it is engaged.

“You are one step away from raising a genius child”

Regards

Sri. K. Nagaraj - Chairman

SJES Education Institutions

Principals's Message.....

Education is a shared commitment between dedicated teachers, motivated students and enthusiastic parents with high expectations”

Greetings to all,

Today, the role of a school is not only to pursue academic excellence but also to motivate and empower its students to be lifelong learners, critical thinkers, and productive members of an ever-changing global society. More than a decade back SJES pledged to transform education. The school that is being run under the aegis of well established Management “SJES Educational Society” has earned its own niche in Bangalore. At SJES we provide an atmosphere to our students for multifaceted development, where children are encouraged to channelize their potential in the pursuit of excellence. This can only be possible in a holistic, student-centric environment. The talents, skills, and abilities of each student need to be identified, nurtured, and encouraged so that he / she is able to reach greater heights. Students need to be provided with a platform to think, express, and exhibit their skills. It is necessary to empower them to negotiate several issues that confront them, with the teacher being a facilitator.

The school is striving hard to make the best possible efforts to inculcate strong values combining with academics and extra-curricular activities in the children. Converting every individual into a self-reliant and independent citizen, the school provides an amalgam of scholastic and co-scholastic activities.

No wonder, a student harnessed in such an atmosphere has every hope and possibility of becoming a responsible, balanced and a mature adult and is able to live in to contribute and to shoulder responsibilities of the society, of which he forms an integral part. Children need a supportive environment at home and at school. They need to set goals, within their reach until they gain confidence and determination. They should reexamine their priorities, set clean goals and make specific plans to achieve what they desire. Focusing on specific goals, helps them move forward purposefully in life. They would, thus, have the pleasure of watching their dreams into reality.

At SJES our approaches to learning is child centric encouraging Activity based learning and inculcating a scientific temper and a spirit of free enquiry. In our curriculum the student is the primary focus and each child is involved in the learning process. We are constantly improving our teaching methodology so that it turns learning into combination of classroom study, research and scientific discovery.

While academic excellence is our major thrust, the school is also devoted to prepare the students for life, groom them to face the challenges of tomorrow, and encourage them to be socially relevant. We constantly endeavour to always live up to this ideology and inculcate this into everything we do, with the aim that we will be able to ensure that the children grow to their full potential, while constantly being groomed to pass out as men and women competent to bear responsibility in all walks of life.

The parents are the most strengthening power in moulding the future of children. Their consistent support empowers us to do more and more. I pay my gratitude to them for their faith in us.

I am confident enough that the SJES students will make themselves stronger day by day, adding a new leaf to the grandeur of the school.

Regards

Mrs. K SAMHITHA - PRINCIPAL
SJES Central School

Nursery School

*One small step in SJES will lead to a
gaint leap in good learning....*

*Our Nursery teachers are
qualified, friendly and kind.*

*They are not only good communicators
but also good listeners.*

*Children will learn faster in child friendly
classrooms and aesthetic environment.*

Our Mission in our school
is really about
preparing our students
to no longer need us

Central School

CBSE

(Affiliated to CBSE Board New Delhi)

At Central school students learn to enhance creativity, problem solving abilities, self discipline and honest motivation, the complex dynamics which shape a brilliant mind.

A student will also learn development of character, sense of discipline, etiquette inculcation of feeling unity and nationality.

INFRASTRUCTURE

Faculty:

We have qualified, trained, experienced team of teachers who are proactive, induce thinking and also ignite scientific enquiries / ideas.
